Subject: Region 2 ERRS Fair Opportunity Notice - Holy Trinity Cemetery Site RV1

Pursuant to Federal Acquisition Regulation (FAR) 16.505, the requirement for the fair opportunity process shall apply to any orders issued under multiple award Indefinite Delivery Indefinite Quantity (IDIQ) contracts. These requirements strengthen the competition rules for placing orders under multiple-award contracts to ensure both the provision of fair notice to contract holders and the opportunity for contract holders to respond.

The Fair Opportunity Notice for **the Holy Trinity Cemetery Site in Lewiston, New York** is attached. This Notice includes a Statement of Work, radiation data and a series of information requests that your firm may submit a response to that will be taken into consideration in the contractor selection process.

For this upcoming task order, non-cost factors are equal to cost factors in the contractor selection process.

Response to this notice should be submitted to me by Close of Business on September 25, 2015.

Please contact me if you have any questions.

Thank you.
